Below the input field is a green button with a checkmark icon and the text 'Enter Student/Parent Area'. A red arrow points to this button. Below the button is a blue link that says 'Need School Code? - Click Here'. At the bottom, there is a blue button that says 'Having Trouble Entering a School Code? Click Here For Help!'.

How to access parent/student information in Charms

- The first time you login, enter your child's **ID NUMBER** - last name, first initial, year of graduation (**ALL CAPS**) into the **STUDENT AREA PASSWORD** field
 - example: Reace Walden is **WALDENR2021**
 - Note: if siblings have the same first initial and graduation year, the second letter of each name was used. For example, Jane & John Smith would be SMITHJA20xx and SMITHJO20xx

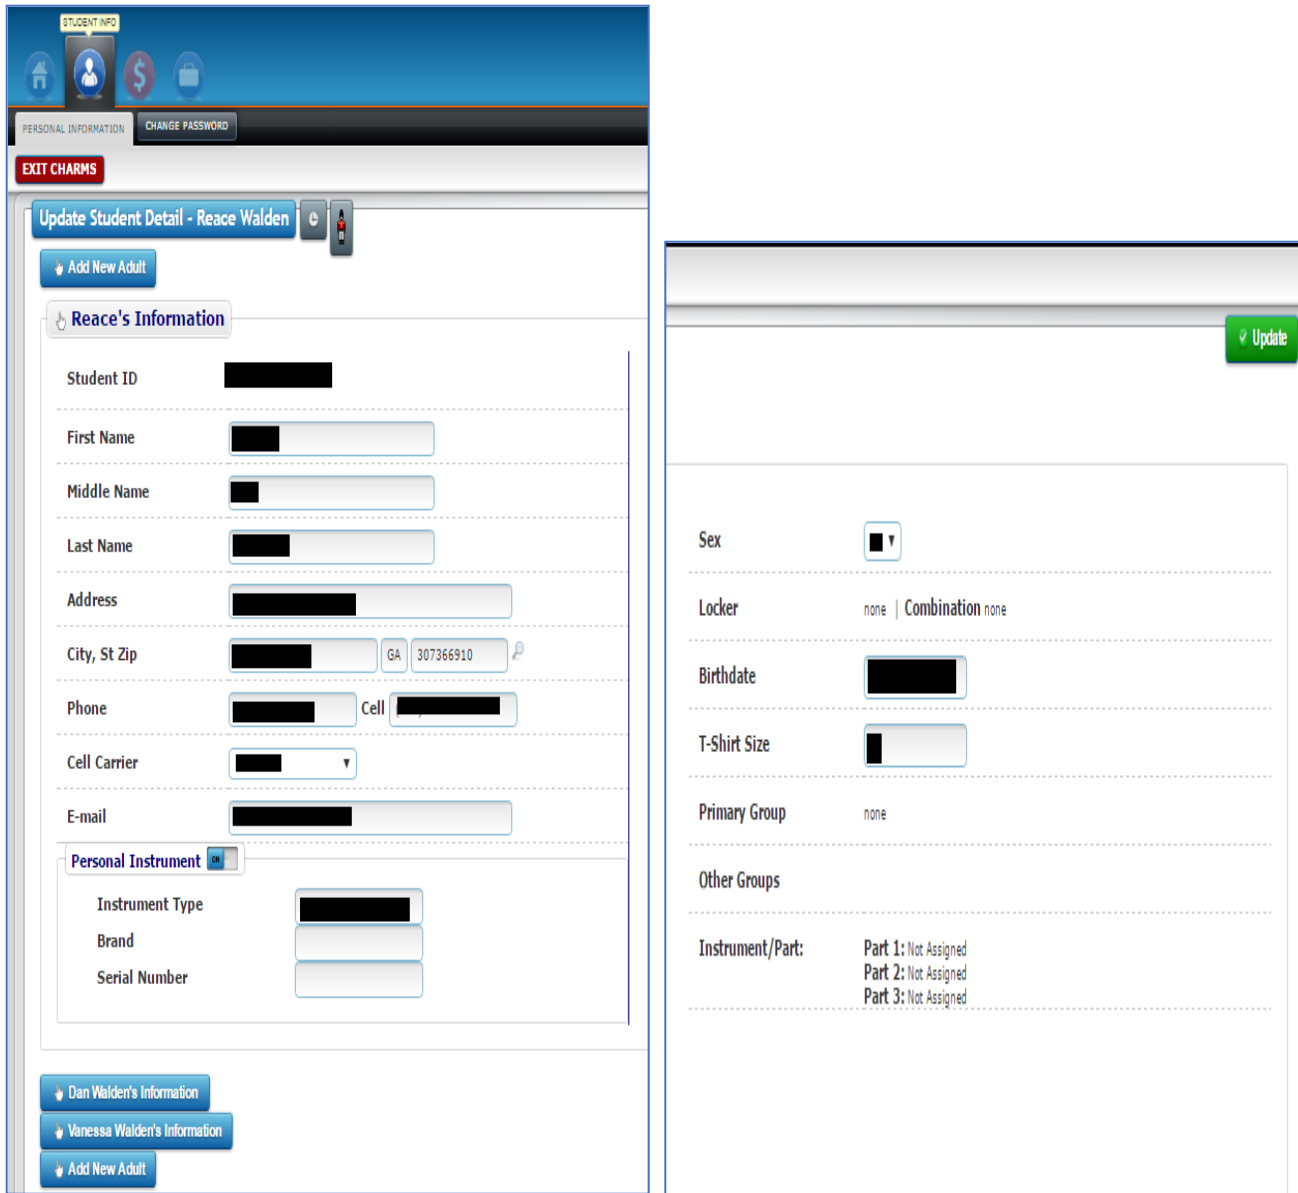

The screenshot shows the Charms login interface. At the top, there are navigation buttons: HOME, CALENDAR, VOLUNTEERS (with a dropdown arrow), and EMAIL DIRECTORS. Below these is a red button labeled "EXIT CHARMS". The main content area is titled "Student Area Password: (Case Sensitive!)" and features a password input field with a masked password ".....|". To the right of the input field are two buttons: "Enter" and "Show Hint". Below the input field, a message states: "If this is the first time you have logged in to Charms, your password is your ID number."

- You will be directed to the Change Password screen to set a personal password different from the ID. When you create your Password, it's a good idea to create a "hint" as well.
- What you need to update:
 - Click on the Student Info icon, then Personal Information to add your student's information.
